

Weddings *at the* POSTMA CENTER

Weddings & Receptions *at the* *Postma Center*

The Postma Center invites you to experience your wedding day in our new multi-use banquet and conference center.

Our facility has the ability to create settings for small intimate parties such as bridal showers and rehearsal dinners, or larger events accommodating more than 250 for wedding receptions. Room set up, stage, and audio-visual technology are all included. Multiple entrances into the main room make this space perfect for accommodating guests and your wedding receiving line. Guests can mingle throughout the Main Foyer, Art Gallery, and either of our two Outdoor Courtyards. This area consists of a myriad of flowering annuals, perennials, and water fountains, and is an excellent back-drop for wedding photographs. To assist with food service needs, we have personally selected a professional listing of excellent caterers for your choosing. Also available to you throughout the day is a private Bridal Room, and our experienced staff, who will be there to assist you during your entire event.

The Postma Center, a fully LEED certified facility with modern architectural elements, has been recognized by winning the “2008 Award of Excellence for Construction – Under \$3 Million” by the Associated Builders and Contractors Inc., Western Michigan Chapter.

Once inside the Postma Center you will find colored glass windows echoing traditional stained glass with a modern twist to create character throughout the facility. The main conference room has an undulating ceiling which compresses the room upon entry and rises as it approaches the main event area, emphasizing either your wedding event or adding character to your wedding reception. The facility, in addition to the Art Gallery, Grand Foyer, and Courtyards, contains a business center and sophisticated audio-visual equipment.

The Postma Center is tobacco and alcohol-free, and is conveniently located near U.S. 131 and M-6, only a brief drive from Lansing, Kalamazoo, and the Lakeshore. Detroit and Chicago are a 2 and 3 hour drive, respectively.
